

## Newick Faith Council

Our aim as a Faith Council is to find out about world-wide faiths and beliefs and then share what we have learned in Collective Worship.

We ensure our values are at the centre of all we do.

We regularly help to prepare and lead Collective worship.

Work together to design and create religious focal points throughout the school.

We help others to understand their faith.

Work with the local parish and community to strengthen existing relationships.

We regularly collect feedback from our peers to find out what they have enjoyed learning in RE and Collective Worship, talk about how Christian values relate to us in our everyday lives and give feedback to the teachers..

### **Term 2.**

#### **Our Action plan**

#### **What are we going to do?**

**We are going:**

**Lead a Collective worship about advent.**

**Design a kindness advent calendar for each class to use.**

Advent is all about preparing for the birth of someone very special. To do this we must prepare our hearts. So, this year we have a very special challenge.

This year we challenge you to be kind.

Each day your kindness calendar will set a very important task.

Whose heart will be ready to welcome Jesus?
